### **Branch activities**

On December 21, 2020 we held the Second Round Table on the Music Subject Classification, organized in cooperation with the Croatian Library Association via Zoom application. Our main panelist was Christopher Holden from the Library of Congress. It produced interest among our fellow librarians and musicians, but our main issues remain, diverse electronic catalogues on different platforms, different rules for cataloging items, and a diverse machine coding systems.

### **Branch projects**

This year we started cooperation with the Croatian National Library in digitization project „e-culture – Digitization of Cultural Heritage“.

### **Branch website**

The [Branch website](#) has been set up and is regularly updated. For the time being, only in Croatian.
