## **National copyright issues**

The Ministry of Education and Culture requested comments on a proposed bill to implement the provisions of the EU DSM Directive and Online Broadcasting Directive as part of Finnish law. Implementing the directives requires significant changes to the Copyright Act. The Finnish IAML national branch commented on the proposed bill based on discussions with the Finnish Library Association and the "legal matters special interest group of libraries, archives and museum" (KAM-juridiikkaryhmä).

## **RILM and RISM contributions**

The RILM project approached Ms Maaria Harviainen, inquiring about the possibility of founding a RILM national committee in Finland. Unfortunately there were no resources for this at the moment, but it was agreed that some sort of cooperation would be carried out in the future.

## **Additional comments**

Mr Jaska Järvilehto was elected the IAML Archives and Music Documentation Centres Section Vice Chair during the IAML 2021 congress.
