Activities 2003

In June 2003 the Austrian branch of IAML (15 members) was established as "Verein" according to the Austrian Vereinsgesetz. Its constitution is closely related to the IAML constitution. The branch held two sessions during this year:

1st session (June 24 2003; Hauptbibliothek Wien)

- General Assembly of the Verein IAML Austria
- Presentation of the project IAML Austria Website (Bernhard Guenther)
- Presentation of the project "Musikstadt Wien" (Alfred Pfoser)
- Guided tour to the Hauptbibliothek Wien

2nd session (October 13 2003; Music Information Center Austria). This was a joint session with the "Arbeitsgemeinschaft Musikalienbearbeitung der Vereinigung Österreichischer Bibliothekarinnen und Bibliothekare".

- The IAML Annual Conference 2003 (Thomas Leibnitz)
- Katalogisierung von Musikalien: Arbeitsbereiche und Ziele der AG Musikalienbearbeitung (Carl Ulrich Friederici / Constanza Furtlehner)
- EU-Projekte: Ein Überblick zu Chancen, Inhalten und Vorgangsweise; Informationen zum Projekt Culture 2000 (Sigrid Olbrich-Hiebler, BKA)
- Mozart 2006: Ausstellungs- und Projektpläne (Herbert Lachmayer)
- Website und Mailingliste von IAML Austria (Bernhard Guenther)
- Survey IAML/MUSICNETWORK (Bernhard Guenther)
- Das mica und der European Music Navigator (Bernhard Guenther)

The first IAML Austria session of 2004 (April 20) took place in the Austrian National Library and dealt with only one item: the problems of copyright in the daily life of music libraries. Two experts in this field, Astrid Koblanck (Universal Edition) and Isolde Müller (Universitätsbibliothek Graz) informed on the various aspects of this topic.

The website of IAML Austria will be accessible in Autumn 2004 (www.iaml.at *(link is external)*) and will offer information on the following items: a short description of IAML Austria and of its goals, the constitution, the officers, the next meetings, minutes of former meetings, the addresses of the members together with specific library information.
