## **Austria, report 2010**

Since Thomas Leibnitz, twice-elected president of the Austrian IAML branch, decided not to serve for a third consecutive term, there have been changes in the organisation's governing board. As a result of the elections of autumn 2009, Thomas Aigner has become the new president, Stefan Engl has remained secretary, and Thomas Leibnitz has moved to the position of treasurer.

As before, IAML Austria held two annual sessions. The one in Autumn 2009 was hosted by the Konzerthaus library in Vienna, the Konzerthaus being one of the most important concert halls of the Austrian capital, second only to the famous Musikverein. The Spring 2010 session was hosted by the Mozarteum Foundation in Salzburg. The top of the agenda has been the organisation of the international IAML conference to be held in Vienna in 2014. As of now, it will take place at the campus of Vienna University, a spot very popular among the Viennese for its numerous restaurants and beer gardens and in easy walking distance of the city centre, within the first three weeks of July.
