

Fontes Artis Musicae

Institutional Repository Policy

In lieu of a notice in the SHERPA/Romeo database, the policy that governs the deposit of *Fontes* articles in institutional repositories is as follows:

The author(s) of an article that appears in *Fontes Artis Musicae* may deposit the final version of said article in their institutional repository with a one-year embargo on worldwide access. This embargo will ensure that the Association receives maximum royalties from electronic access via Project Muse and other vendors of the journal.
