## **Information Technology Committee Report from 2007 conference in Sydney**

The IT Committee held a single working meeting in Sydney. A working membership was established with the intention of conducting business by means of a closed listserv as well as face to face at annual conferences. Most of the subsequent discussion concerned the IAML website including mechanisms for keeping content current, and encouraging broader usage of the site.

IT Committee membership: Antony Gordon (Chair; British Library Sound Archive, London), Michael Fingerhut (Ircam, Paris), Gabriele Gamba (IAML webmaster, Milan), Massimo Gentili Tedeschi (Biblioteca Nazionale Braidense, Ufficio Ricerca Fondi Musicali, Milan), Elizabeth Giuliani (Bibliothèque nationale de France, Paris), Julia Mitford (ExploreMusic, Gateshead, UK).
