Membership Committee, report 2015

Members: Jim Cassaro, chair (US), Kathy Adamson (UK), Evan Baker (US), Massimo Gentili-Tedeschi (Italy), Kathleen Haefliger (US), Katie Lai (Hong Kong), Cheryl Martin (Canada), Anna Pensaert (UK), Marian Ritter (US), Chris Scobie (UK), and Bonnie Woelk (Canada).

The Membership Committee has begun its discussion of the value of membership in the Association with the intent of revising the text that now appears on the IAML website:

http://www.iaml.info/organization/what_is_iaml/why_belong.

Comments were made on this text by members of the committee via an online discussion. This discussion has resulted in a revised text which the committee will look at and adjust at its meeting in New York at the IAML-IMS Congress. Pending final revisions, the new text will be sent to the IAML Board for approval and then mounted on the IAML website.

Following this, the committee will begin to discuss other benefits that can be offered to IAML members, and as a way to attract new members to the Association.
